This guide is available in 20 languages and provides comprehensive information about Muzdalifah, along with guidance and answers to the most important questions for pilgrims.

Muzdalifah

It was named after the word al-izdalaf, meaning closeness and gathering, as pilgrims gather there to perform their rites collectively in a spirit of faith and unity.

Located between the sacred sites of Mina and Arafat

it covers an area of 9.63 km².

The entire area is considered a valid place for standing (wuquf), as the Prophet, may Allah blessings and peace be upon him, said: “I stood here, and all of Jam’ is a place of standing”—referring to Muzdalifah.

about Muzdalifah, visit:

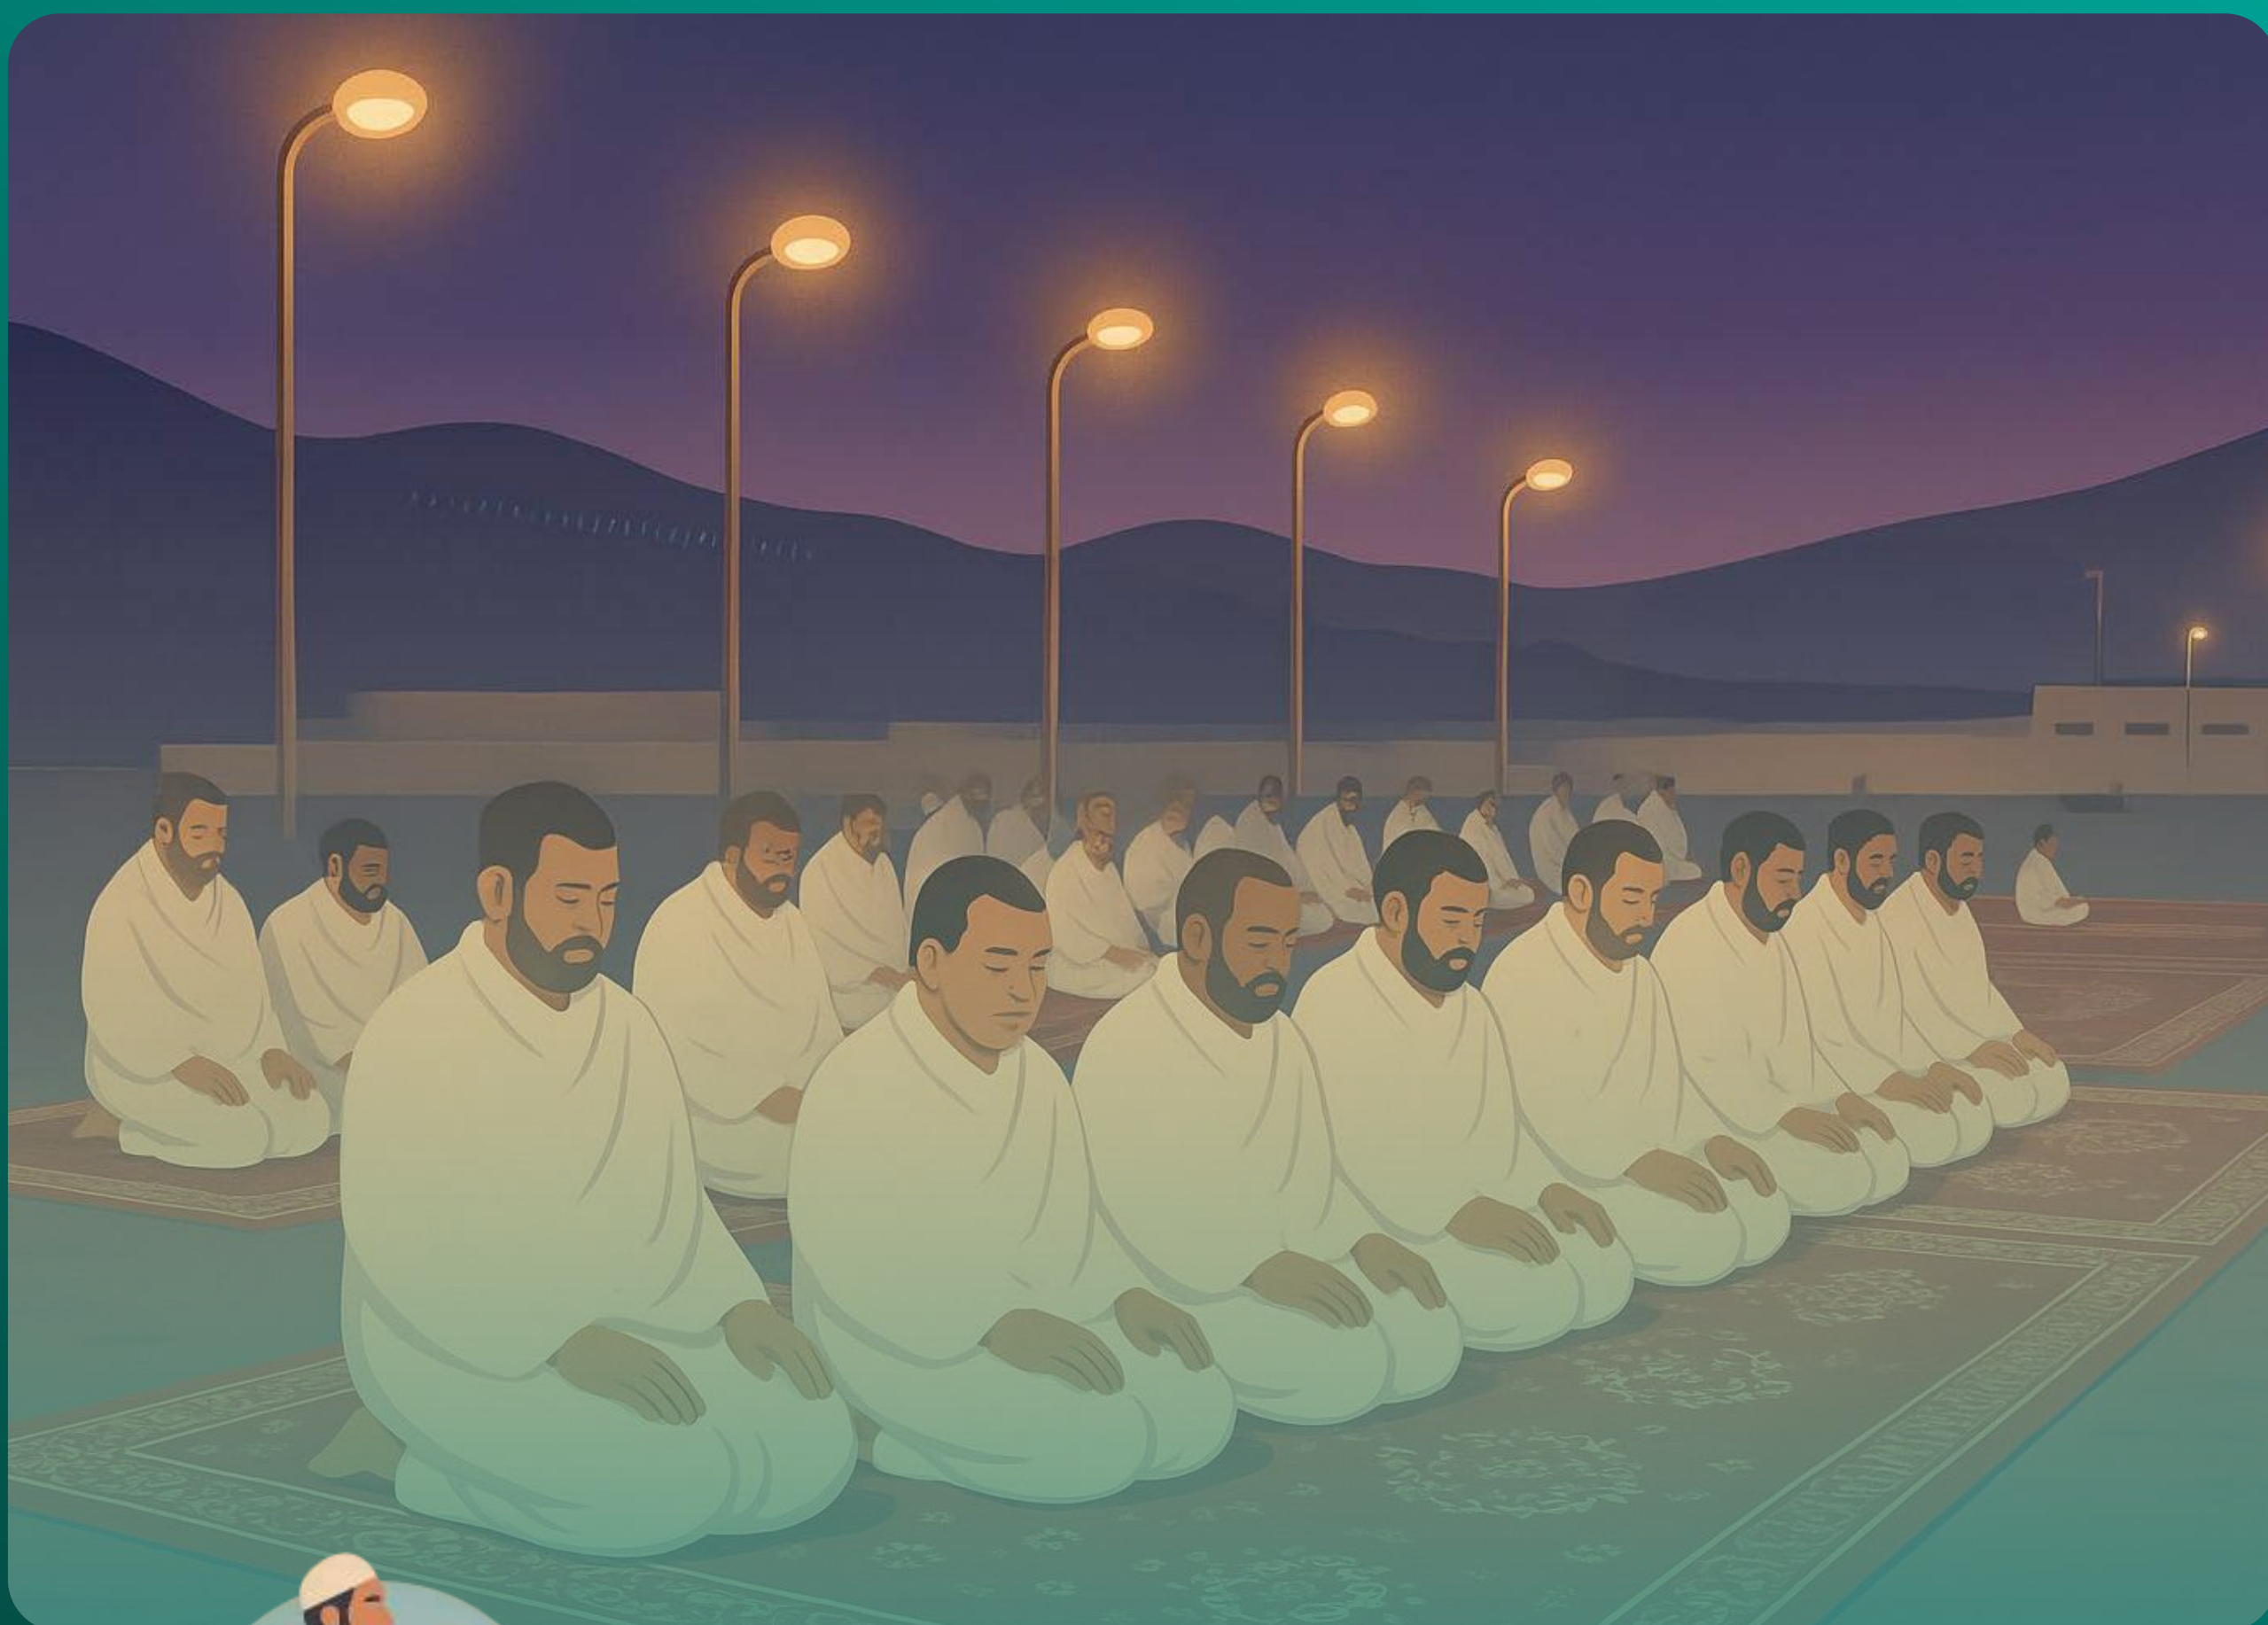

**What to Do in
Muzdalifah?**

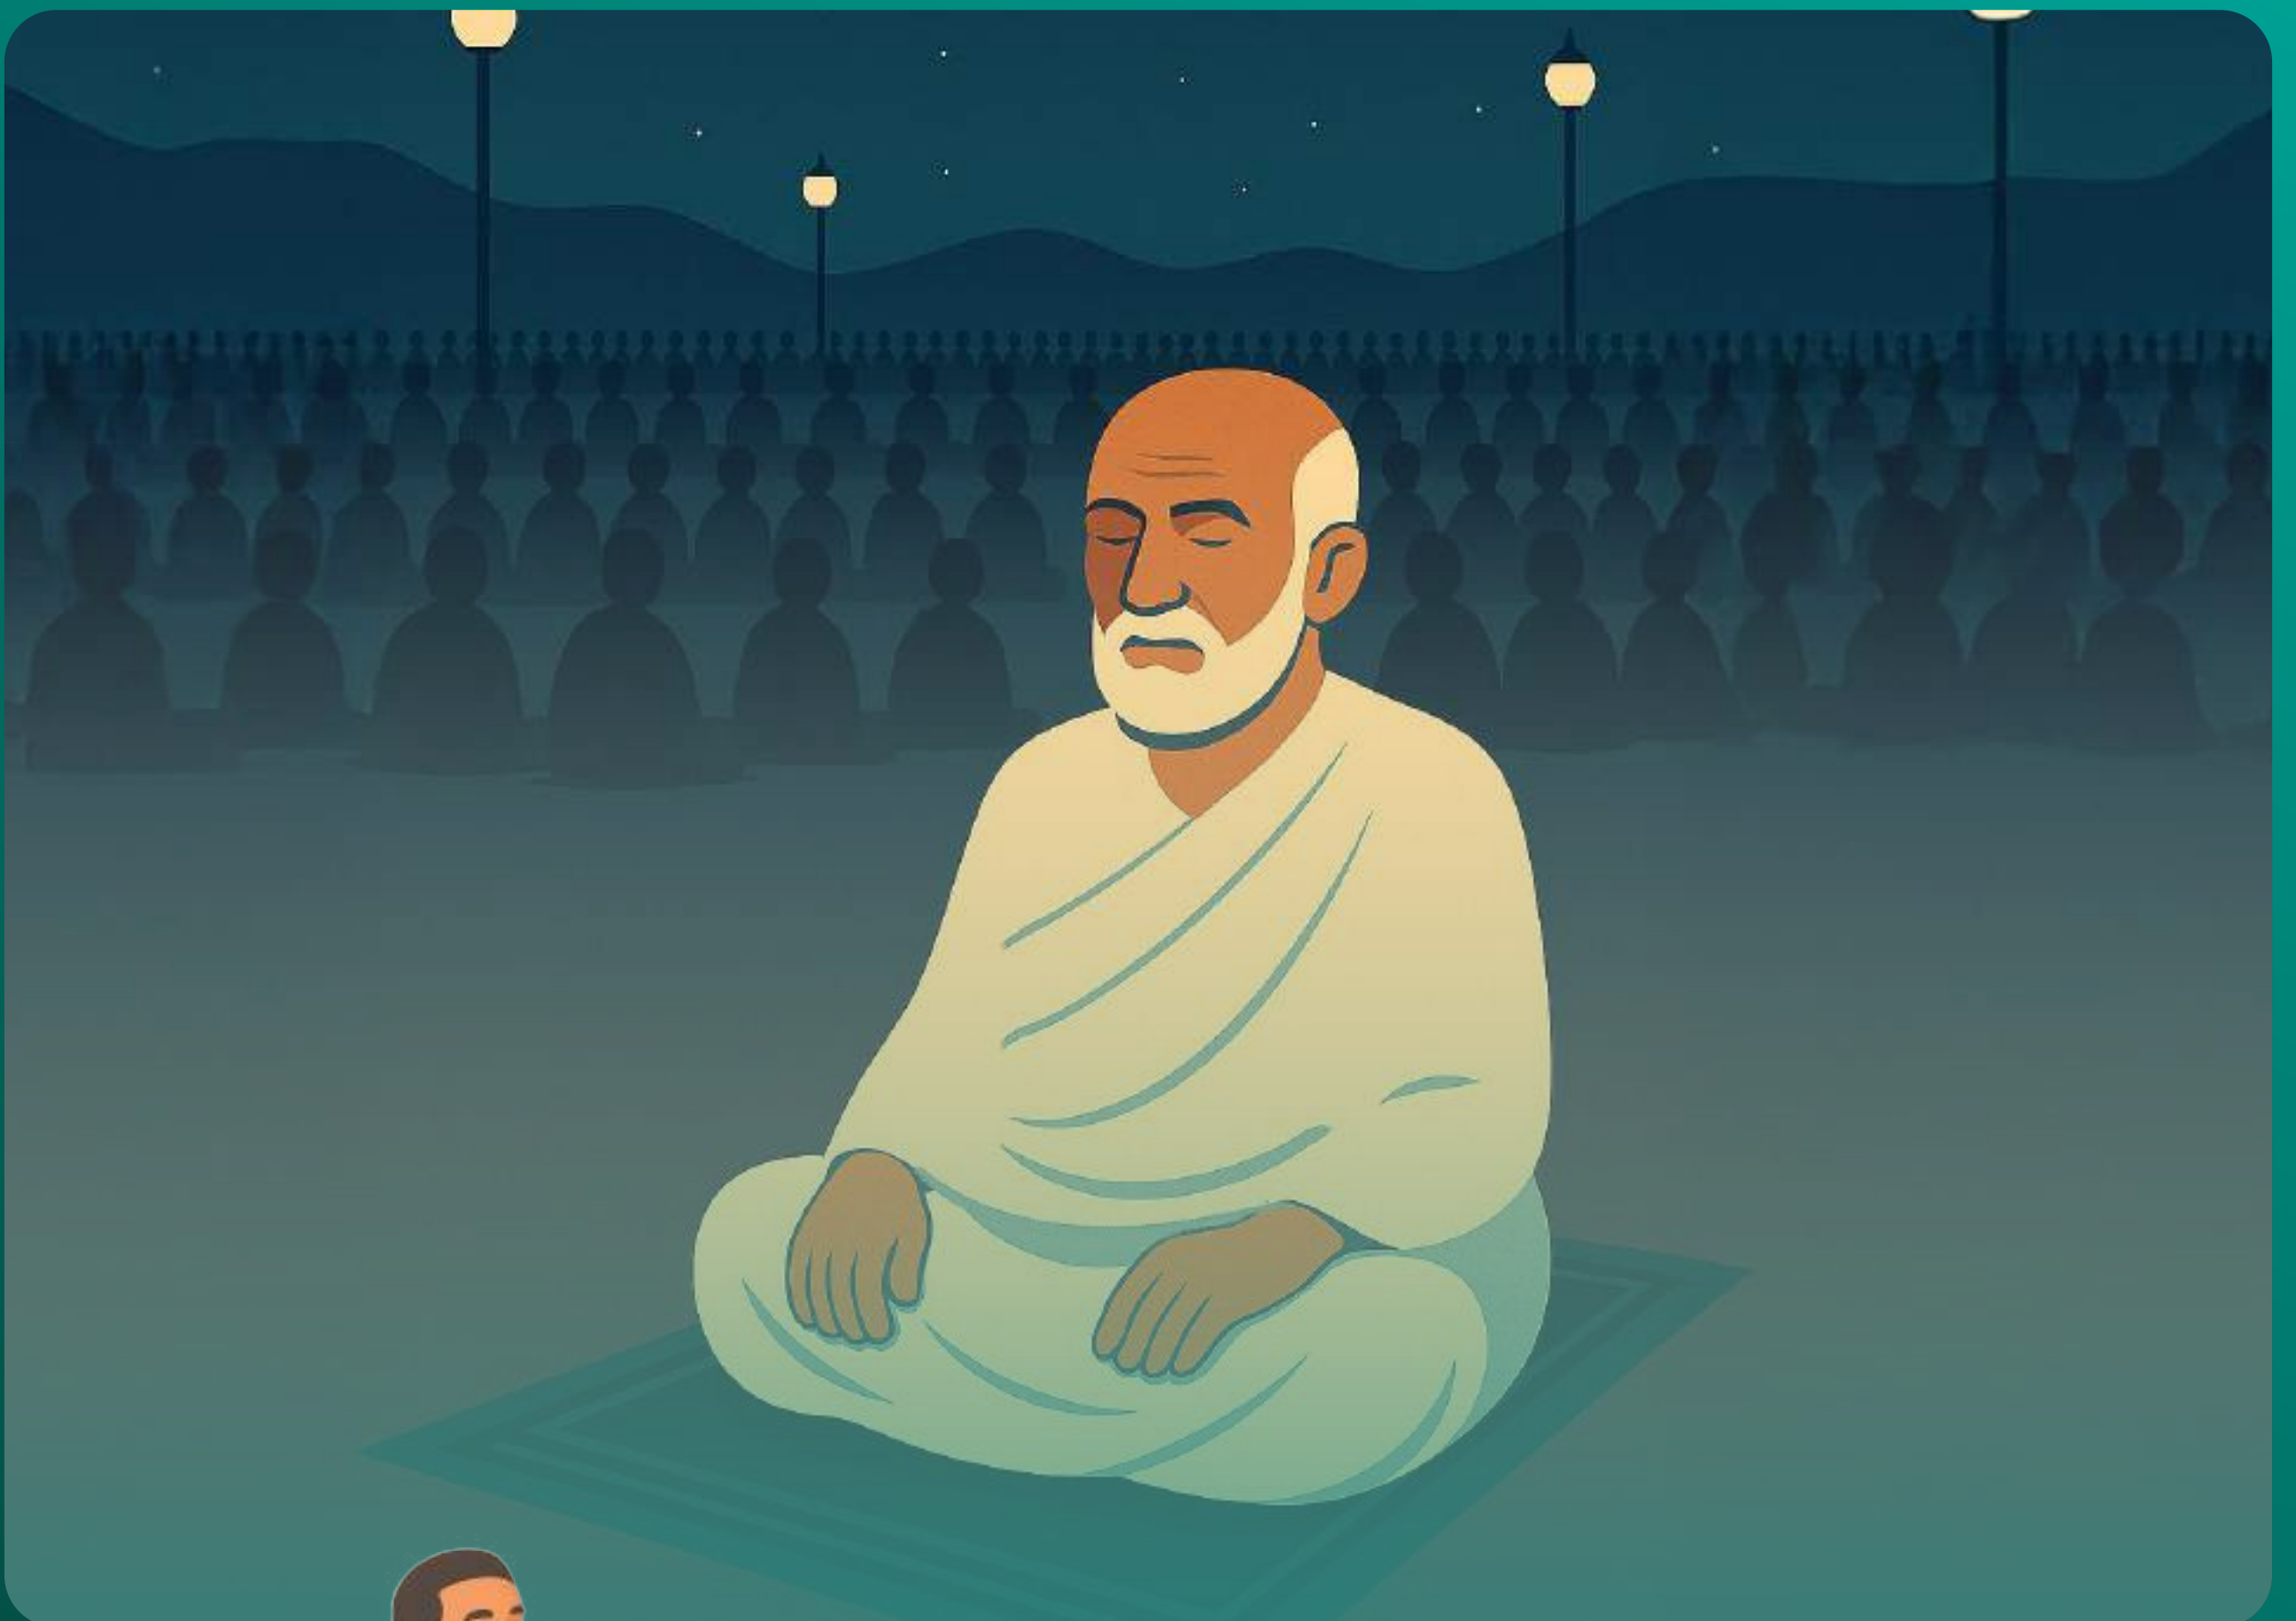

When you arrive in Muzdalifah, you will find everything you need, including sleeping mats, light meals, and restrooms.

Pray Maghrib and Isha combined and shortened upon arrival with your group.

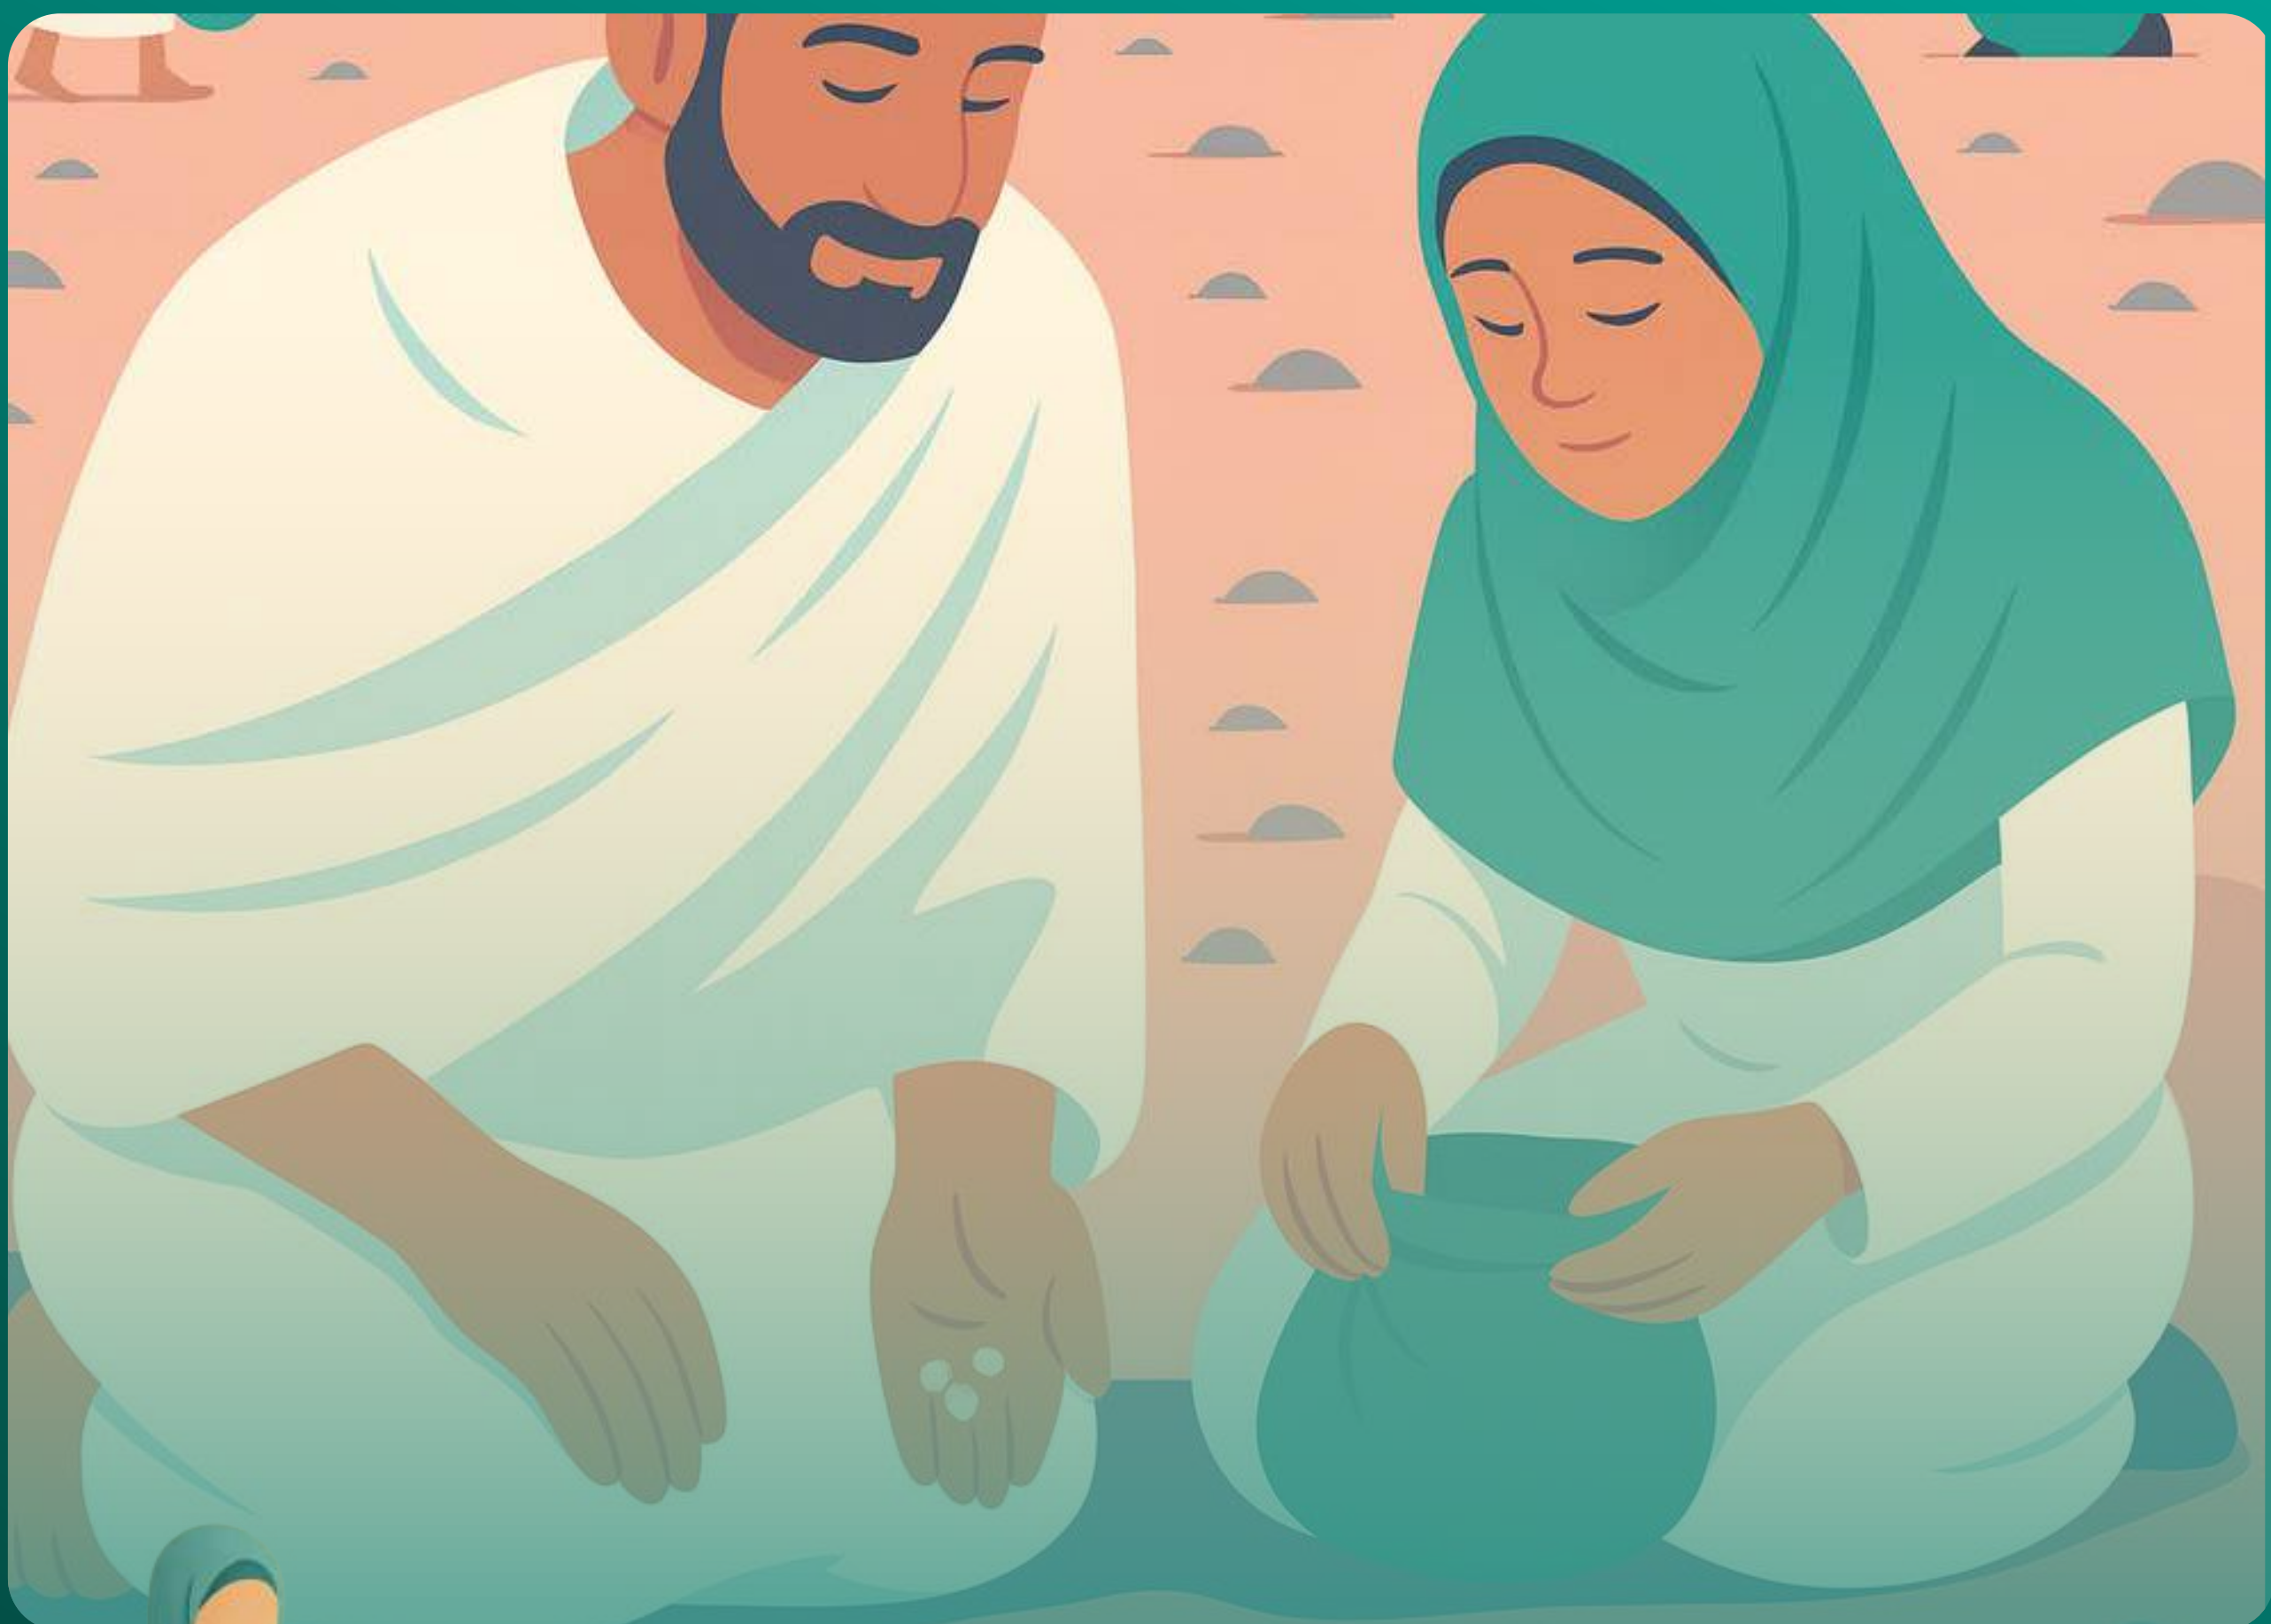

Ensure you get sufficient rest in Muzdalifah in preparation for the Day of Eid.

While awake, engage in dhikr (remembrance of Allah), praise Him, and recite the talbiyah.

Reflect on Allah's great blessing upon you for guiding you, facilitating your Hajj, enabling you to reach Arafat, and granting you success in supplication and worship.

Women should choose modest clothing that does not increase heat discomfort, especially in high temperatures.

Masjid al-Mash'ar al-Haram

- A mosque built at the location where the Messenger of Allah, may Allah blessings and peace be upon him, stopped in Muzdalifah during the Farewell Hajj.
- It is located in Muzdalifah, between the fourth pedestrian pathway and King Faisal Road. It lies midway between Masjid Namira and Masjid al-Khif—5 km from Masjid al-Khif and 7 km from Masjid Namira.

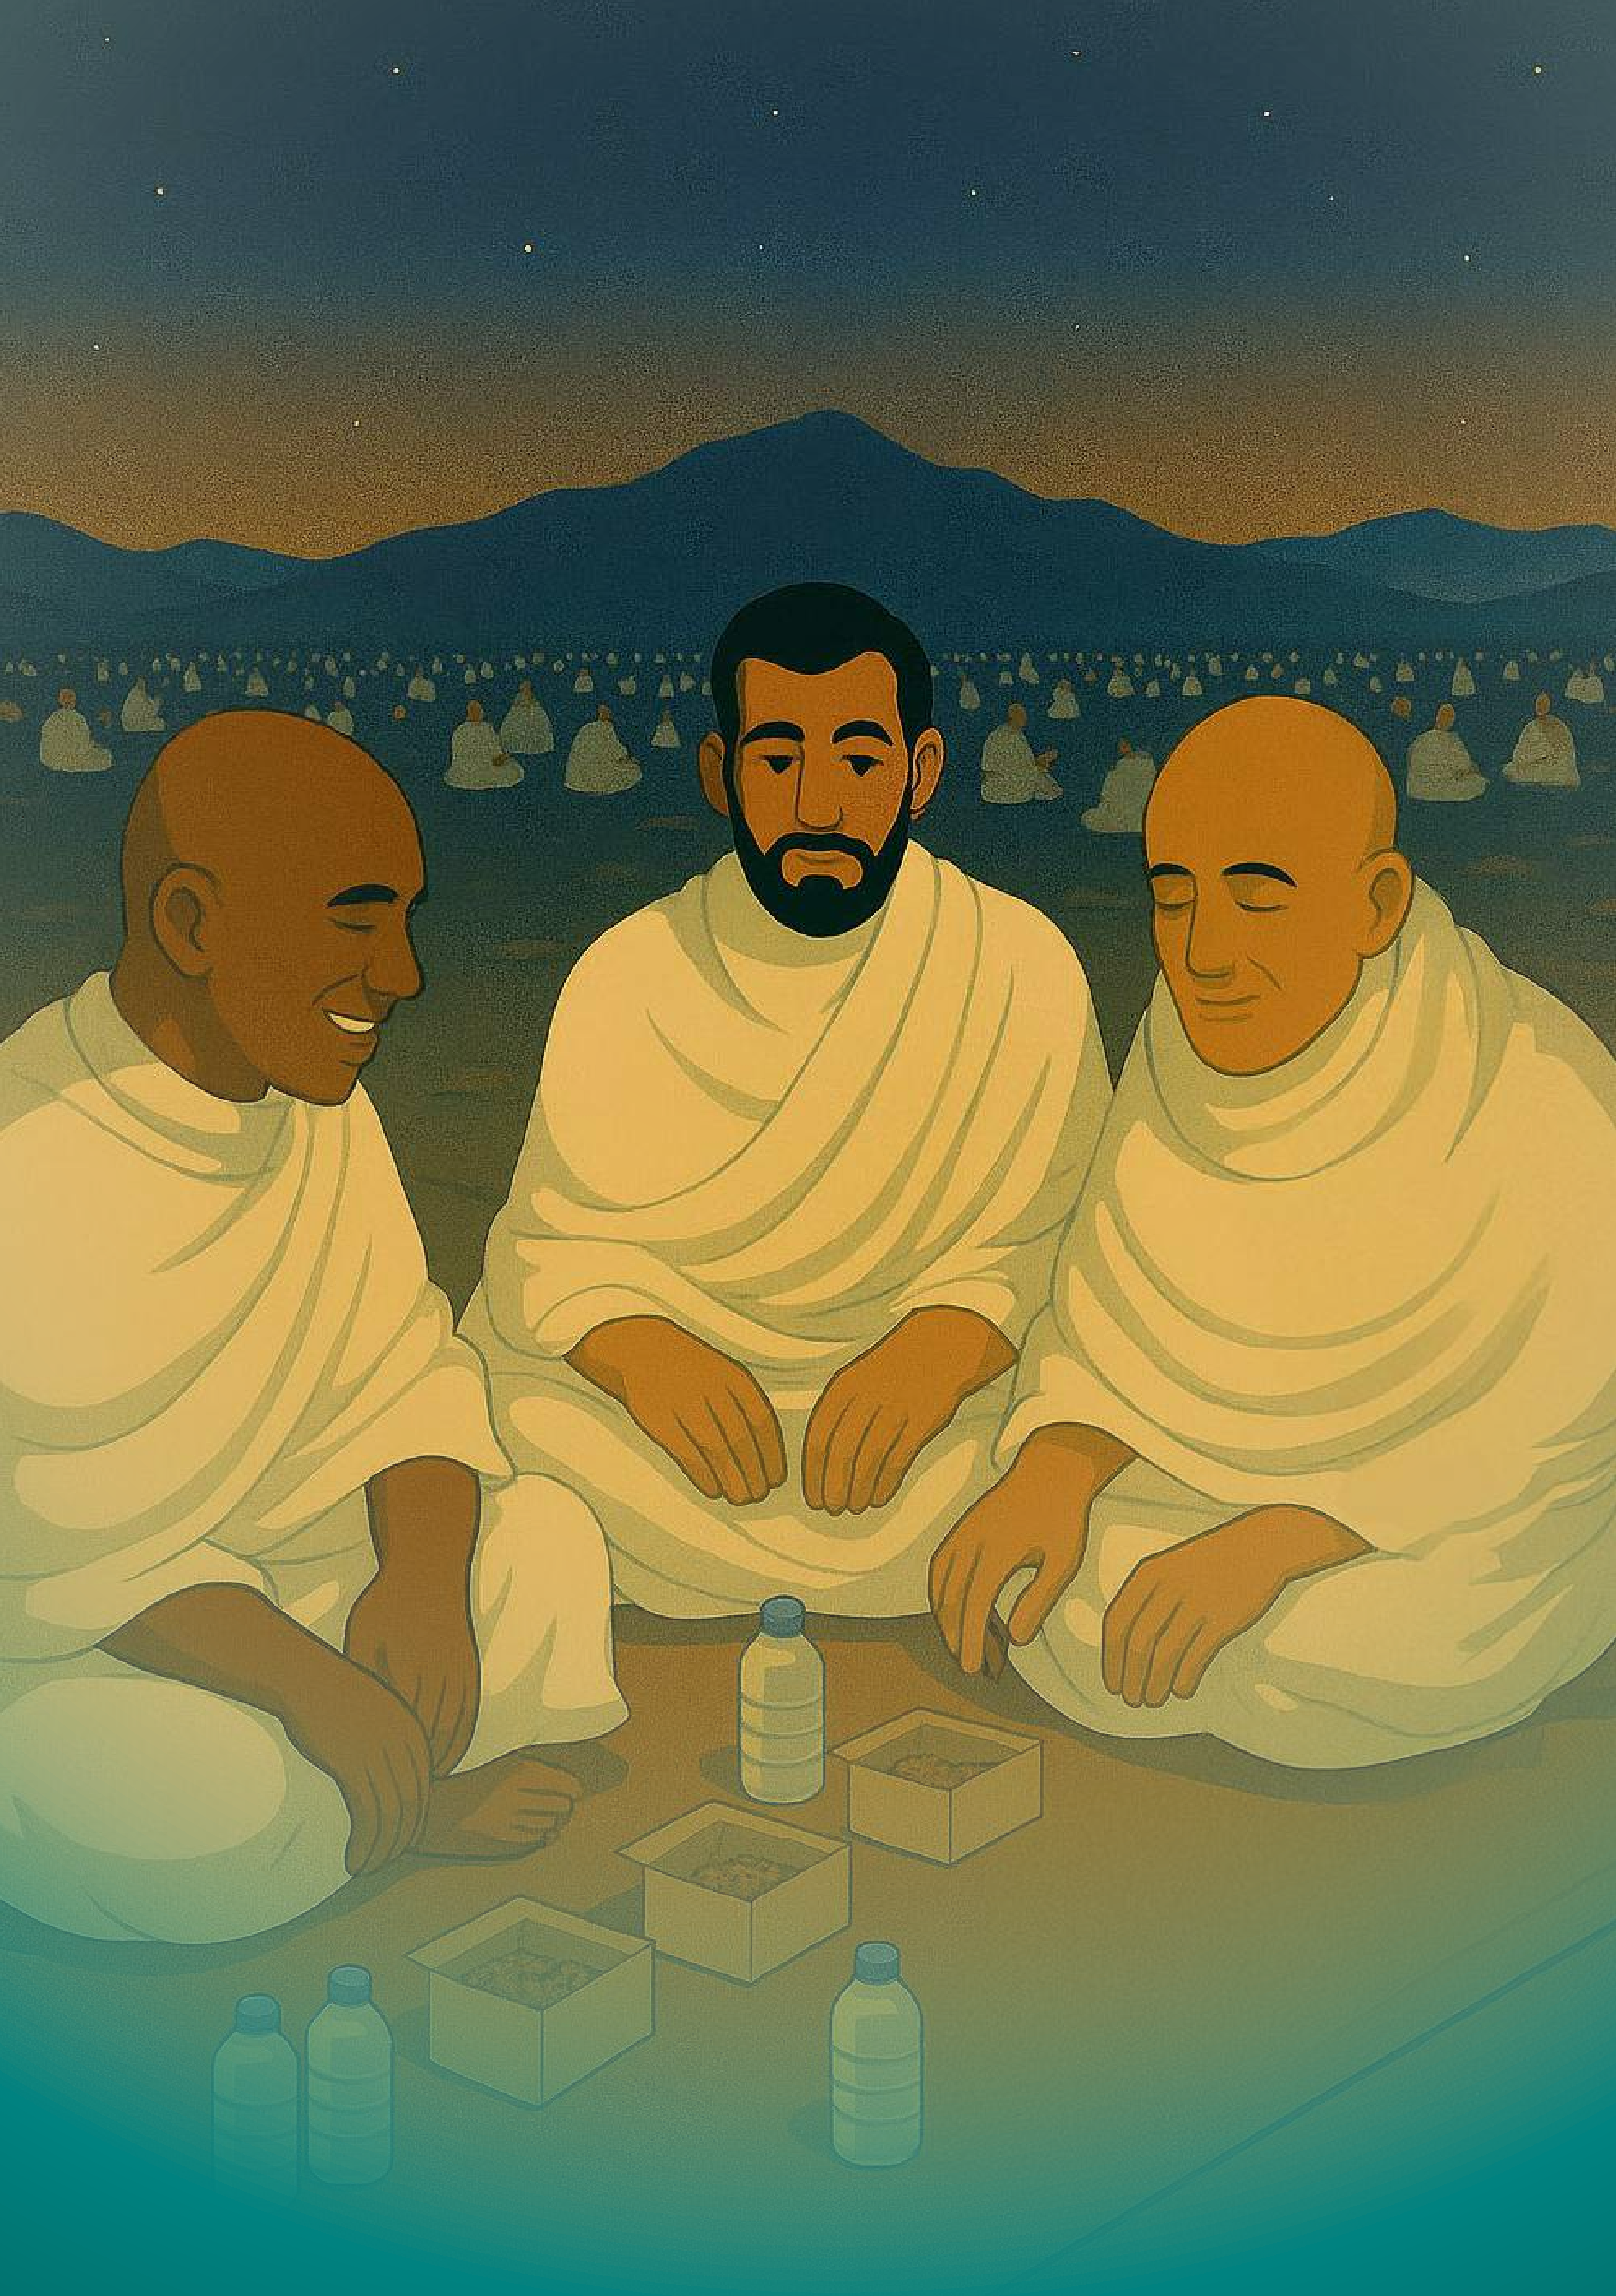

The Kingdom of Saudi Arabia has given it special attention and rebuilt it.

Length: 90 meters
Width: 56 meters

It currently accommodates over 12,000 worshippers

**Eating in
Muzdalifah**

Avoid eating cooked foods from street vendors. Remember: leaving cooked food at room temperature for more than two hours allows bacteria to multiply, increasing the risk of food poisoning.

Wash fruits and vegetables thoroughly before eating.

Avoid extremely cold drinks.

**Time to Stay in
Muzdalifah**

The time for staying (wuquf) in Muzdalifah begins after sunset on the Day of Arafat, the 9th of Dhul Hijjah.

Islamic schools of jurisprudence differ regarding the required duration of stay:

Others require staying until midnight, two-thirds of the night, or until Fajr.

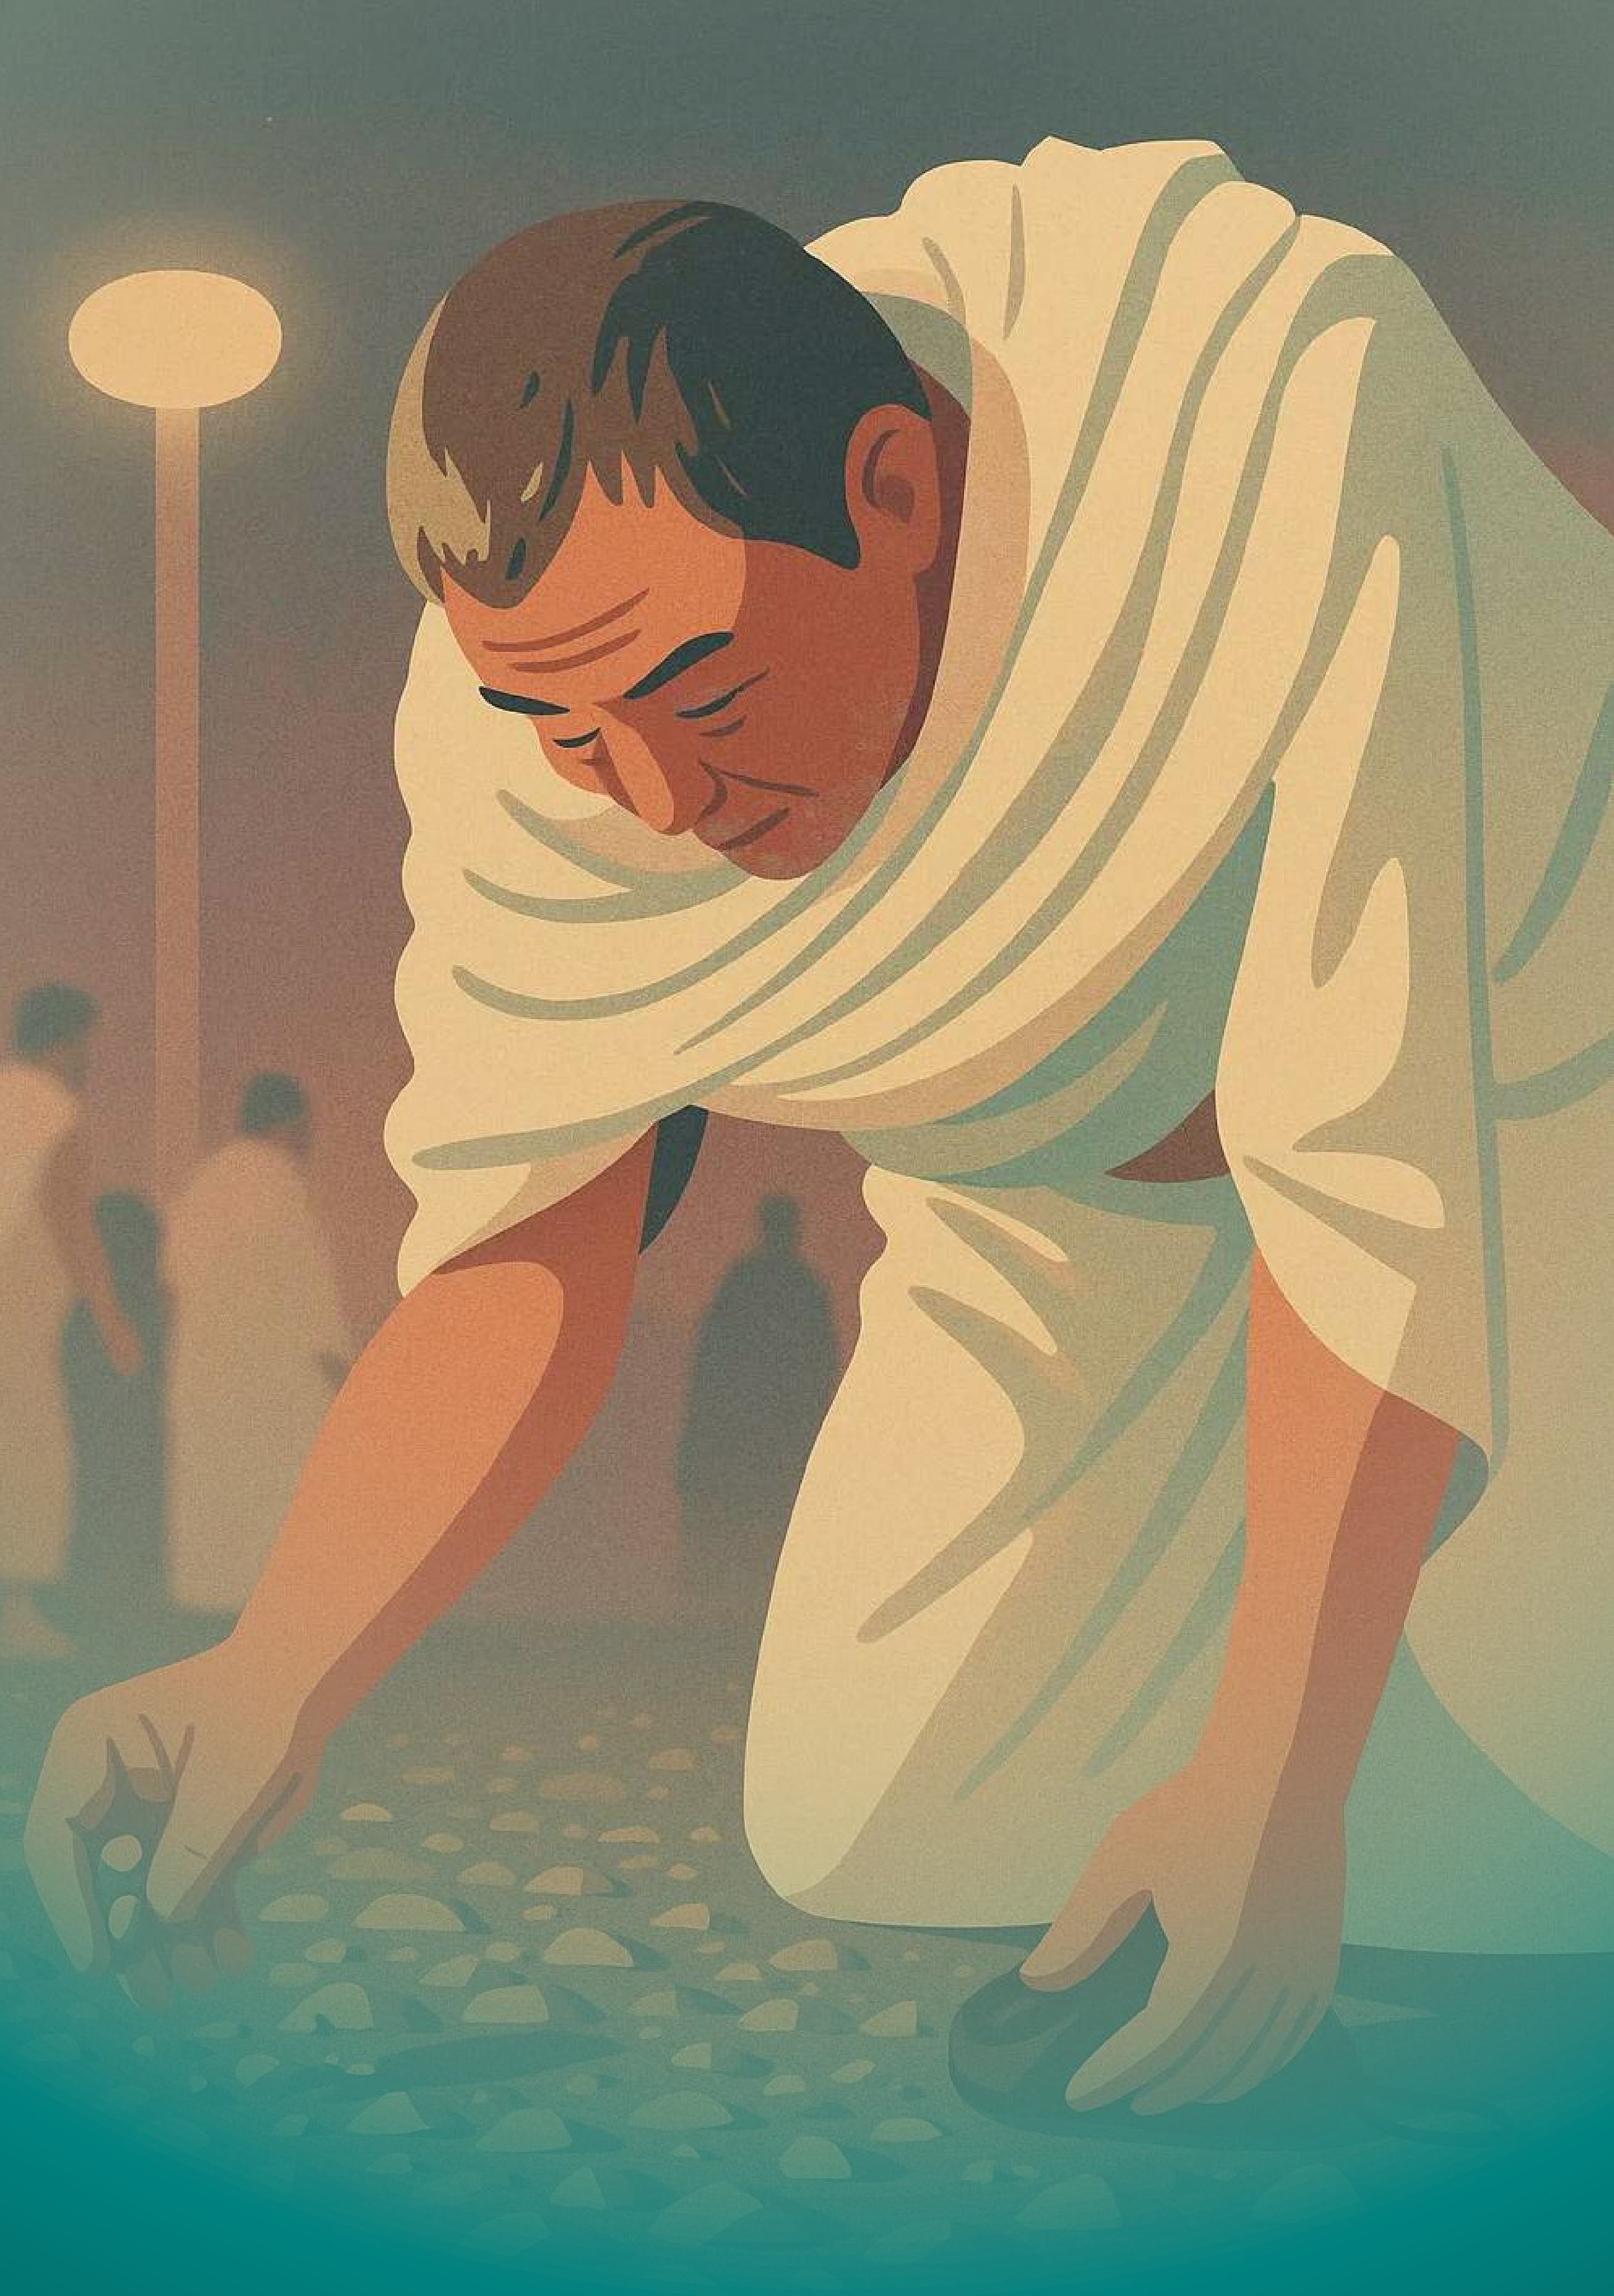

Some say it is sufficient to pass through for the time it takes to place down one's luggage.

The Messenger of Allah, may Allah blessings and peace be upon him, stayed in Muzdalifah until he prayed Fajr, then departed to Mina. He ﷺ permitted women, the elderly, and those with them to leave after midnight.

Pilgrims should follow their group's schedule, as Islamic law provides flexibility in this matter.

**Collecting Pebbles for
the Jamarat**

Collecting Pebbles Before Leaving Muzdalifah:

It is prescribed for the pilgrim, before leaving Muzdalifah, to collect seven pebbles for stoning Jamrat al-Aqabah on Eid day.

Collecting for Remaining Days:

It is not recommended to collect pebbles for the remaining days from Muzdalifah, to reduce the burden on the pilgrim.

Pebbles for the remaining days should be collected from Mina or any other location.

What is Not Prescribed:

Washing or perfuming the pebbles is not prescribed.

Characteristics of Pebbles Used for Stoning

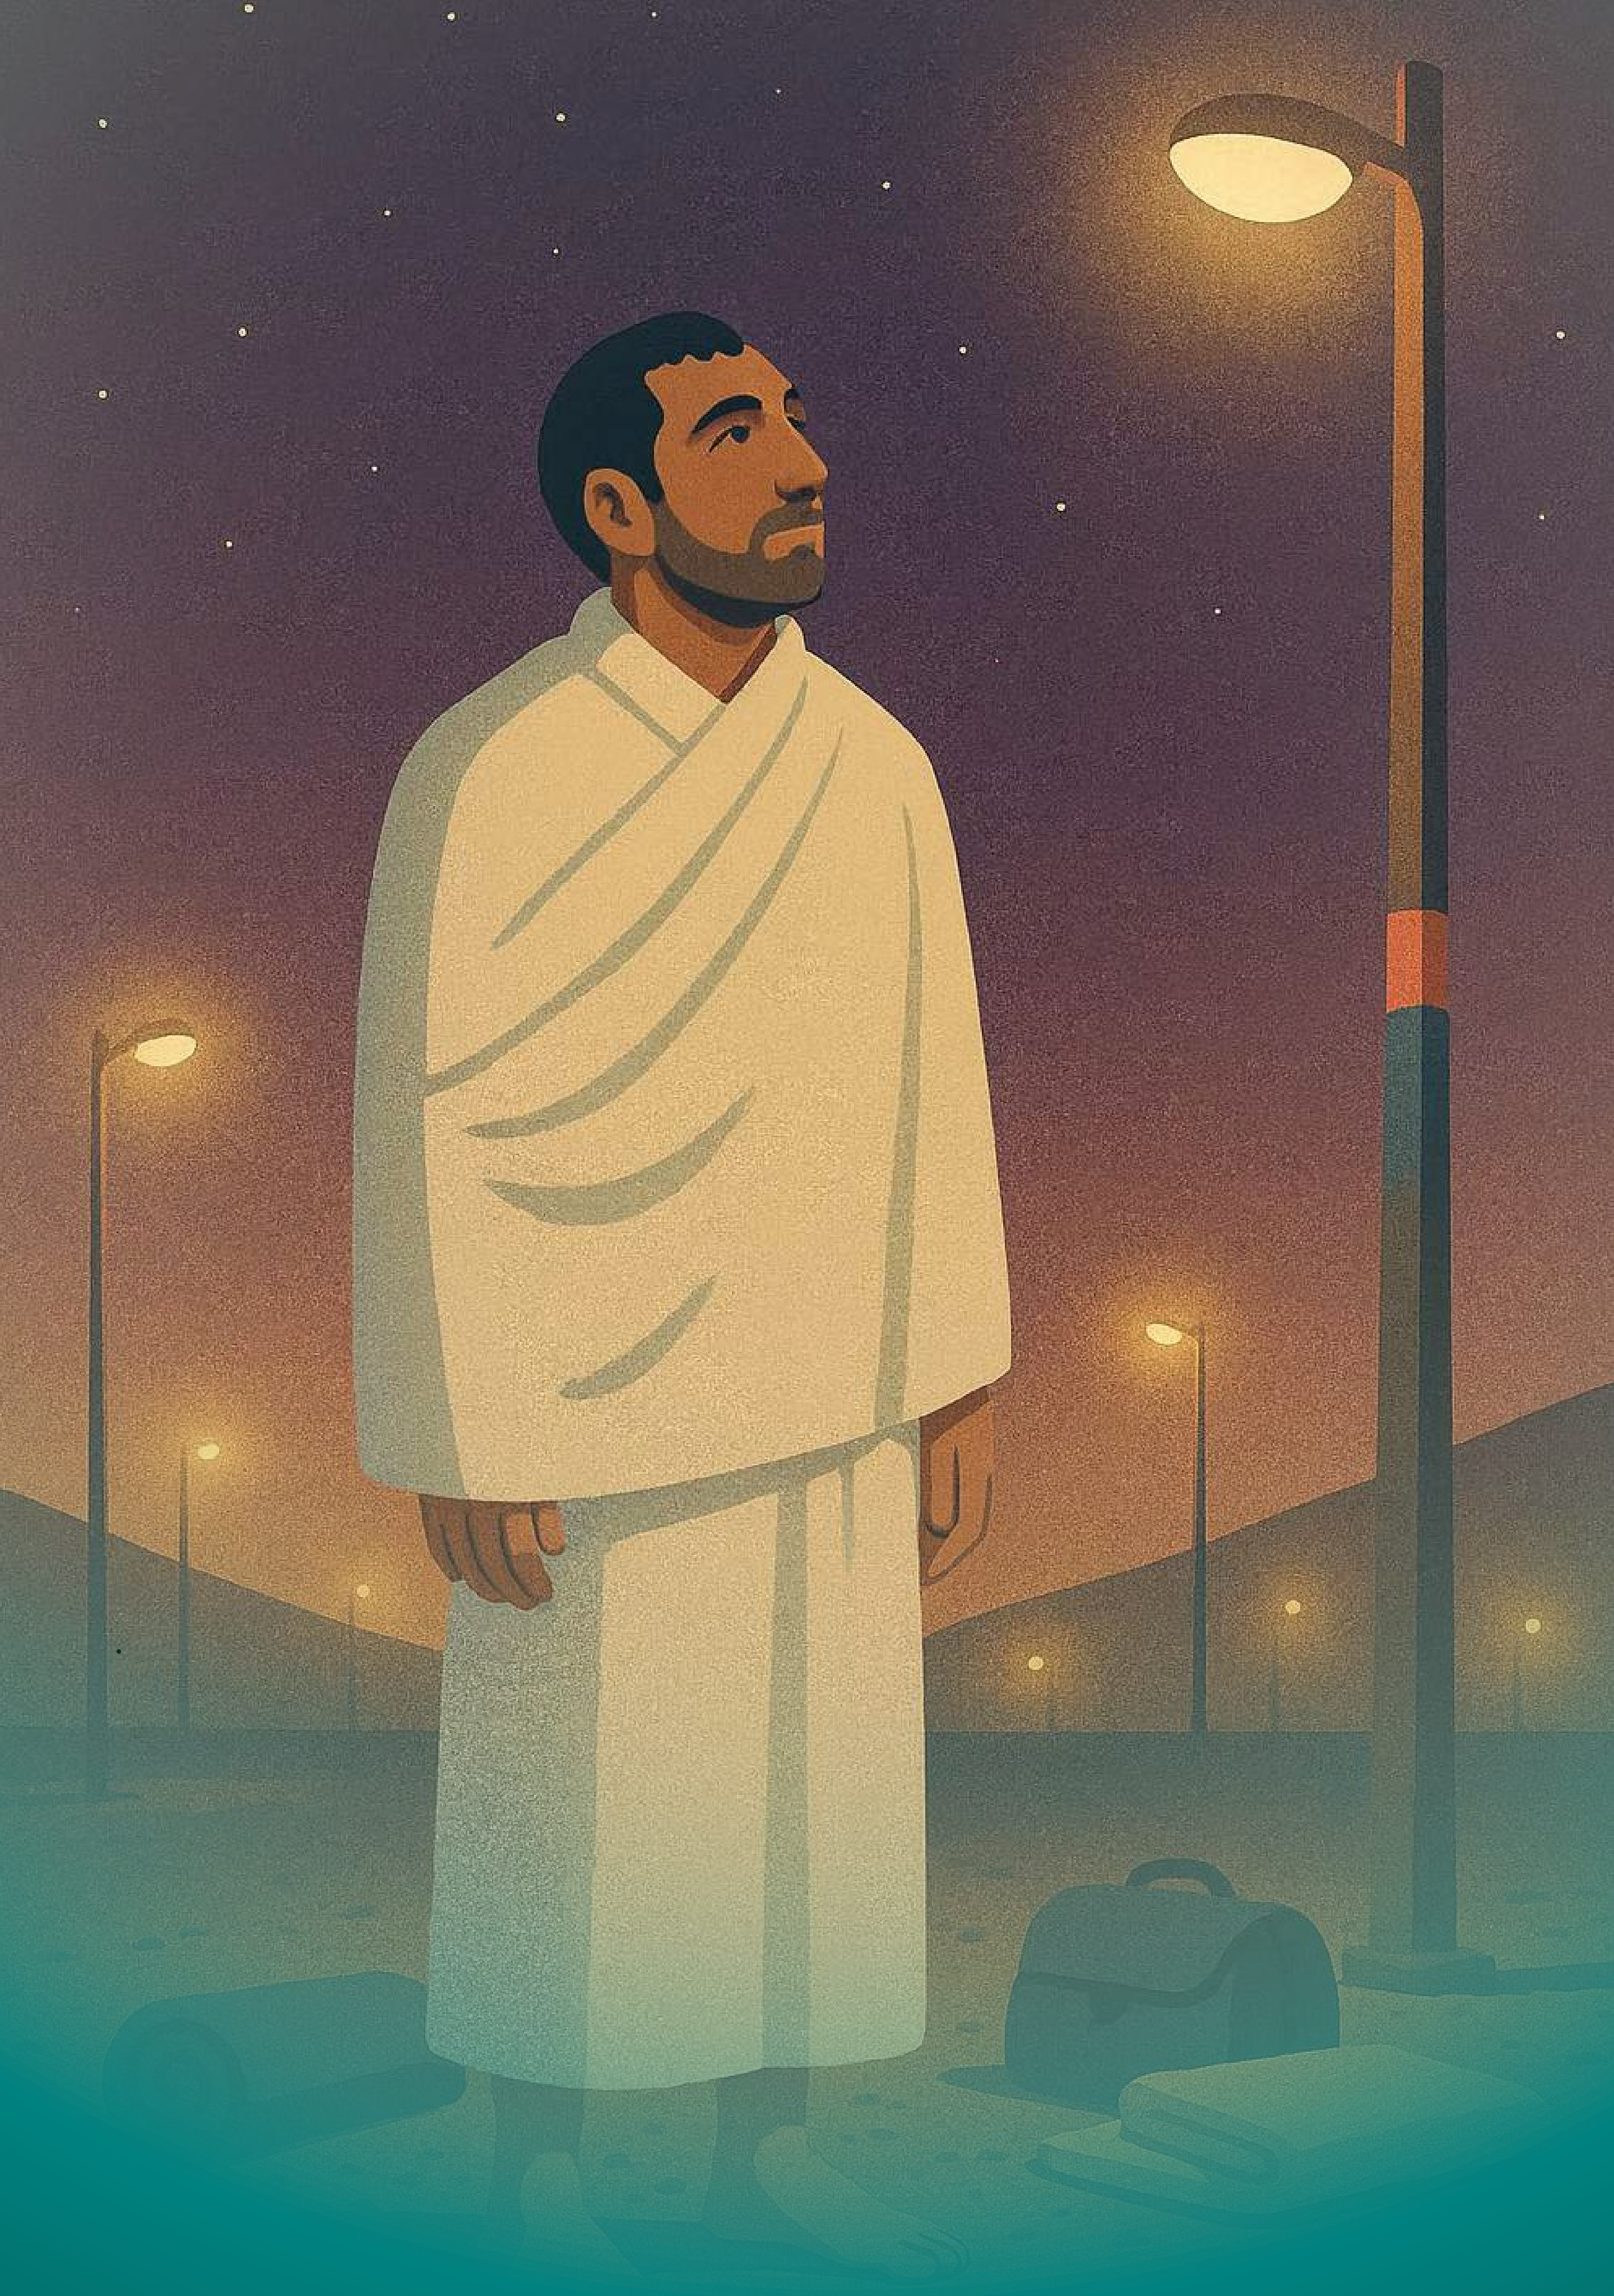

Pebbles should be smaller than hazelnuts, approximately the size of peas or date pits.

Do not be excessive in selecting the shape or size of the pebbles.

The Prophet, may Allah blessings and peace be upon him, after gathering pebbles in his hand and holding them, said: "Stone with ones like these, and beware of extremism in religion, for those before you were destroyed only by extremism in religion."

Guidelines for Determining Your Location in Muzdalifah

Remain within the boundaries of your group's location and camp, and do not leave except when necessary.

Save your location using GPS services such as Google Maps.

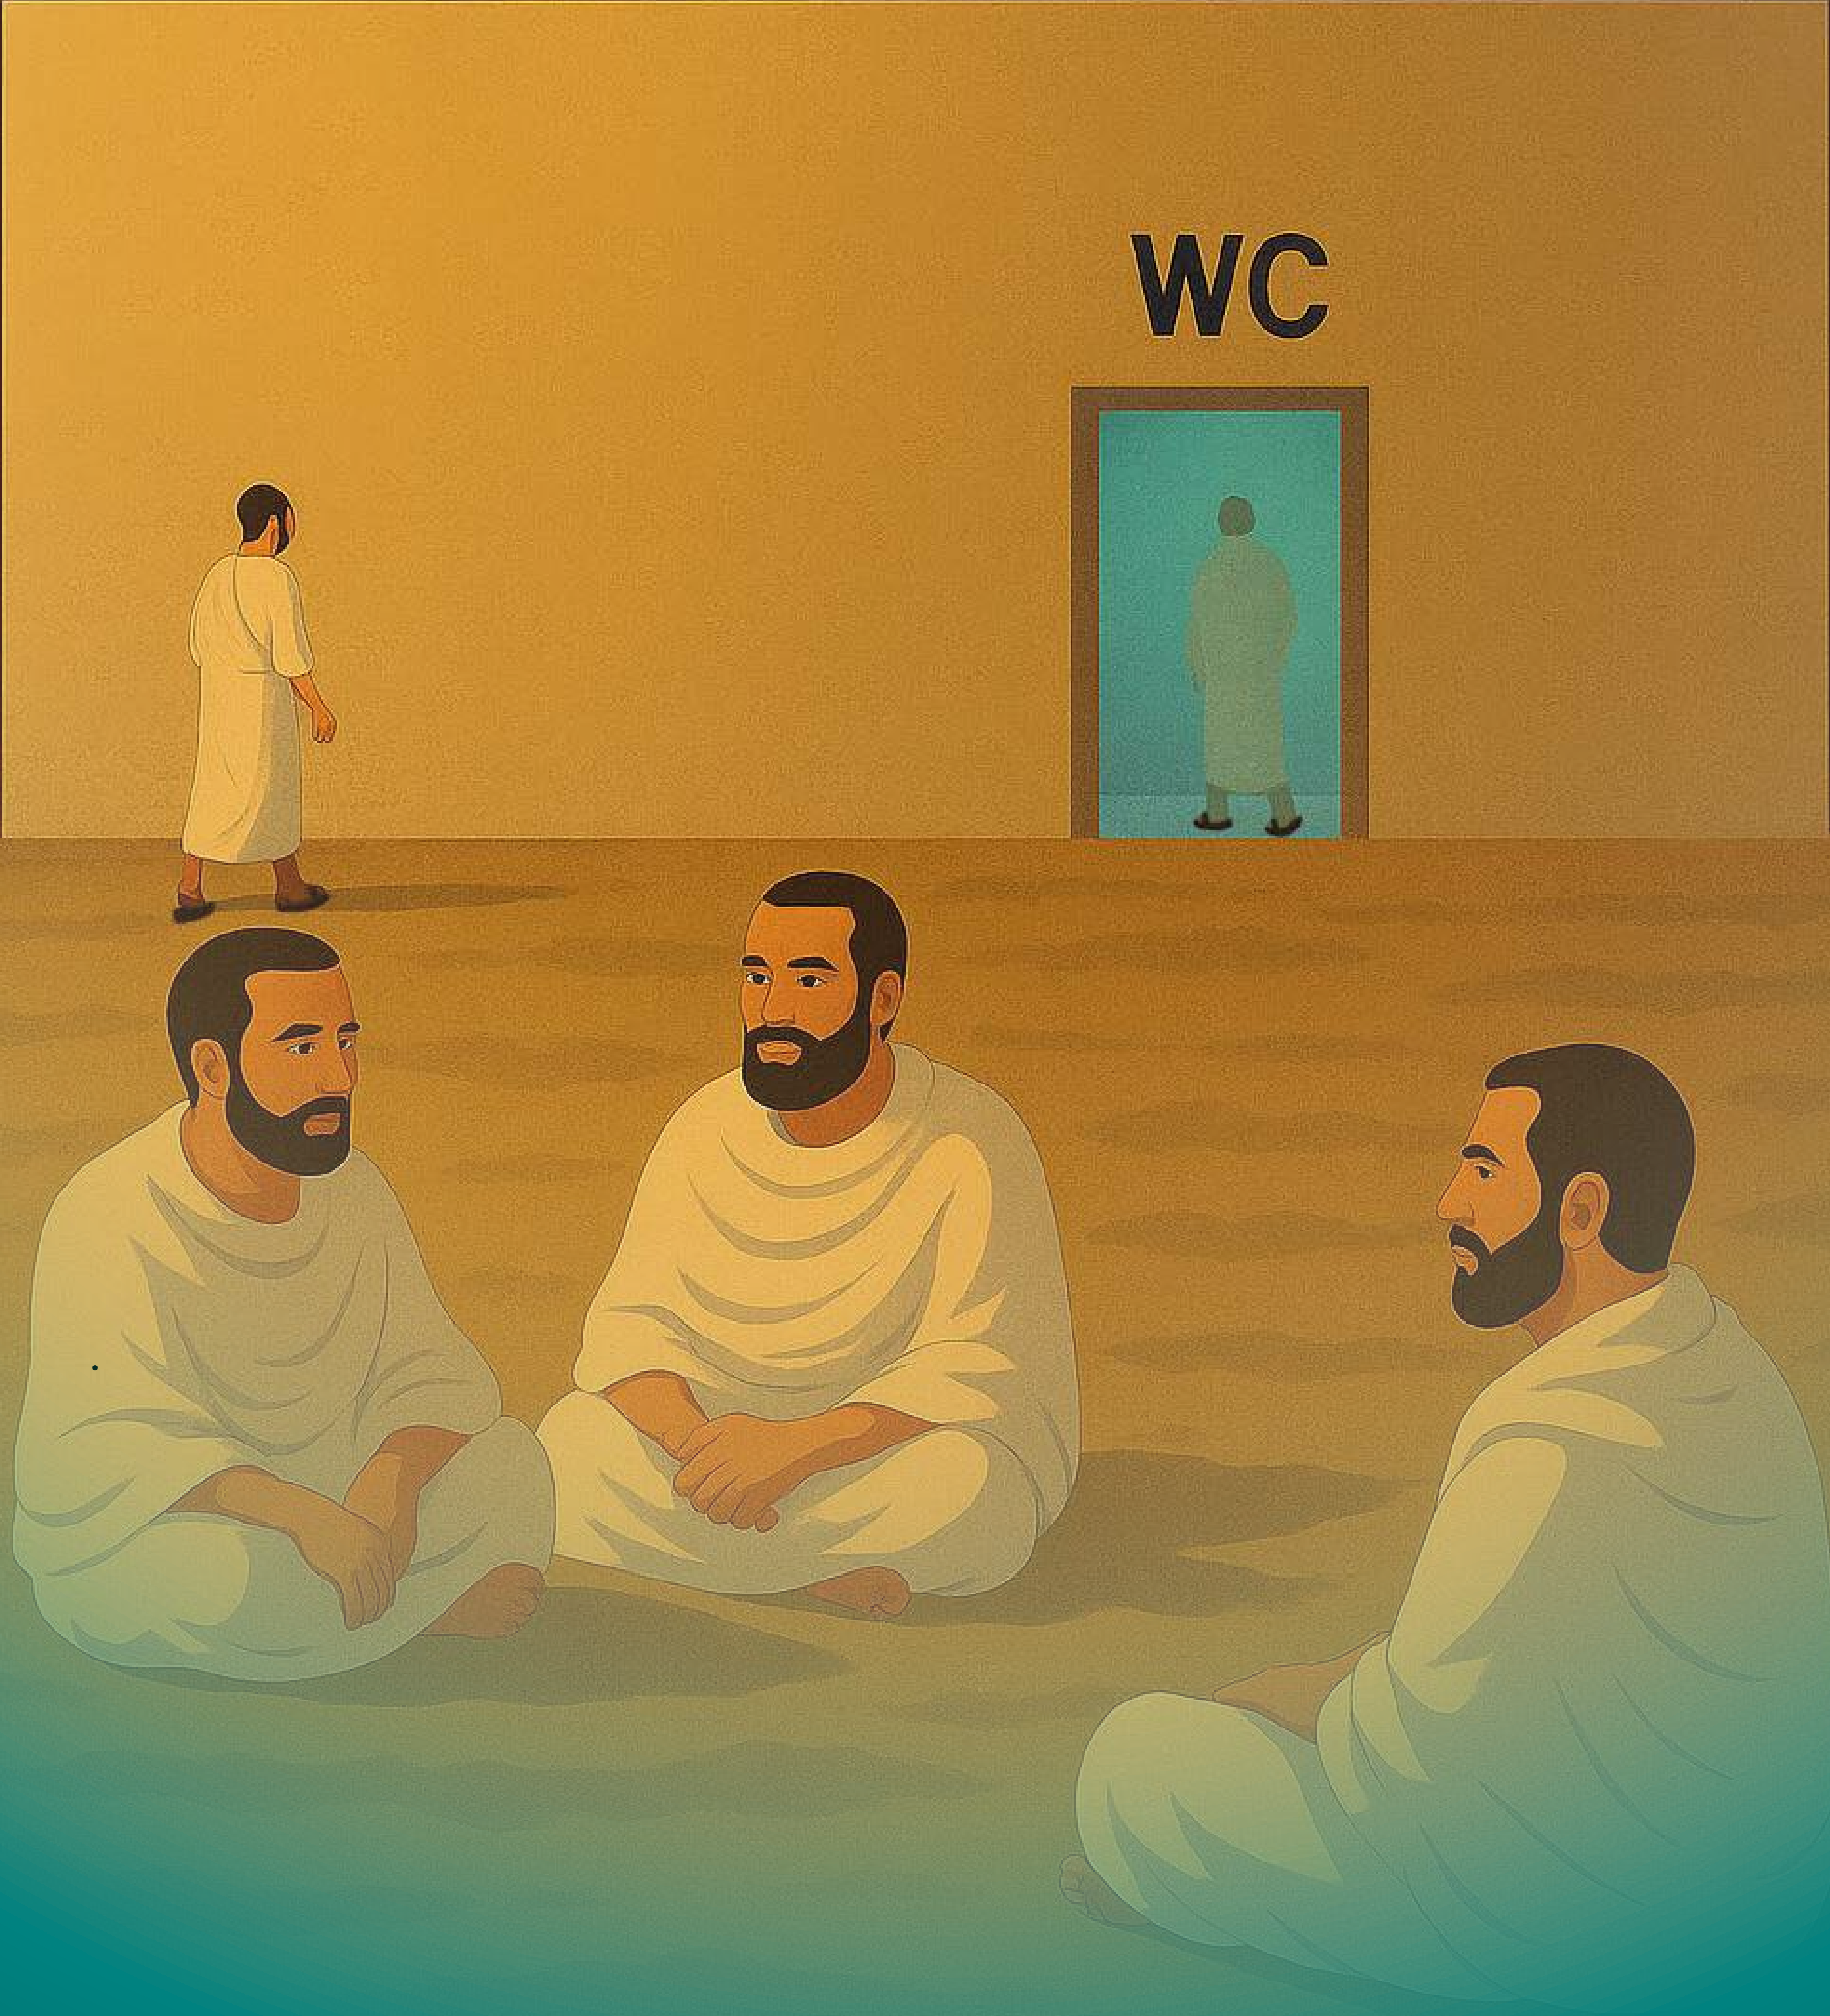

Clearly identify the nearest important landmark and ensure you are accompanied by someone from your group.

Always carry your Nusuk card with you.

Restrooms

Restrooms are available throughout Muzdalifah. Near your accommodation area, you will find designated facilities for restrooms and ablution areas—separate for men and women.

Health Guidelines

With the crowding of pilgrims, certain respiratory diseases may spread. For your protection, it is advised to follow preventive measures.
